PATIO or BALCONY

4

No sooner do the warmer days arrive than we feel the urge to head outdoors. To enjoy the patio or balcony, organise family barbecues, catch up on news with friends or to lose ourselves in solitary contemplation as the evening glow plays on the awning - perfect, atmospheric moments ignited by a zest for life.

FULL CASSETTE AWNINGS

Cassette awnings from Lewens offer ideal shading solutions for patios and balconies. They excel thanks to their clean lines, quality, ease of installation and a variety of optional features. With variable widths that are centimetre-accurate up to 700 cm (1950 cm when linked) and a maximum drop of up to 400 cm, they can be used virtually anywhere.

All cassette awnings in our LOOK series are hinged-arm awnings with a **self-supporting casing**, making them especially compact and space-saving. The full cassette design, which is closed on all sides, reliably protects the awning fabric and mechanism against soiling and the effects of the weather.

Full cassette awnings from Lewens satisfy all the demands made on a modern awning. Choose your favourite model:

LOOK MILLENNIUM

The **full cassette** with self-supporting casing in our LOOK series that sits **flush with the wall**.

Suitable for large areas with a max. width of 700 cm and 400 cm drop.*

Read **more on page 6**.

LOOK TOSCANA

The compact, streamlined design of this **small, elegant full cassette** with self-supporting casing sets it apart from the rest in terms of style.

Suitable for small to medium-sized areas with a max. width of 550 cm and 300 cm drop.*

Read **more on page 8**.

LOOK TOSCANA GRANDE

The compact, elegant appearance of this **large full cassette** with self-supporting casing belies its size.

Suitable for large areas with a max. width of 700 cm and 400 cm drop.*

The optional Vario Valance offers variable shade from the sun and privacy.

Read **more on page 10**.

* Please refer to the technical data in the current Lewens price list for possible dimensions and restrictions.

LOOK MILLENNIUM

*"A thunderstorm coming?
They must be joking!"*

*"Blue skies as far
as the eye can see –
what a
glorious day!"*

It's the weekend. Time at last to put your feet up and enjoy the balmy air, peruse the Sunday paper at your leisure and experience how indescribably relaxing a summer day spent under the awning can be.

The LOOK MILLENNIUM is a durable, high-quality awning, elegantly styled and easy to operate, with refined technical features.

With a single-unit width of up to 700 cm, the LOOK MILLENNIUM is ideal for balconies and patios of any size. As a linked system incorporating 2 or 3 units, this awning will even span widths of up to 1300 or 1950 cm!*

For even greater comfort you can equip your MILLENNIUM with:

- ▶ Radio remote control
- ▶ Sun and wind sensor
- ▶ Lighting strip
- ▶ Patio heater
- ▶ Support legs
- ▶ Wall connection profile

More details on page 12 onwards.

* Please refer to the technical data in the current Lewens price list for possible dimensions and restrictions.

FULL CASSETTE

With a height of just 170 mm and a depth of 249 mm (when the cassette is closed), the LOOK MILLENNIUM boasts an extremely compact design.

The **full cassette**, which is closed on all sides, reliably protects the awning against soiling and the effects of the weather.

The elegant flat cassette of the LOOK MILLENNIUM **fits snugly against the wall** so that it blends harmoniously into the overall appearance of the façade. To prevent dirt from collecting between wall and awning, an additional cover profile can be clipped on between the consoles as an optional extra.

Arm bracket of high-strength aluminium alloy, upper arm fork of forged aluminium.

Technical details

- Sturdy **arm brackets** fitted with a support and high-impact screw guarantee a high level of stability against side winds when the awning is extended.
- Hinged arms** with an extremely high spring tension ensure that the awning fabric remains taut and is largely prevented from resting on the arm hinges.

Look Millennium – full cassette

LOOK TOSCANA

"Sun, air and light -
even my feet
are smiling!"

The planter boxes have been watered, the apple spritzer's cold. Now let the summer show what it can do! And when the evening sun sinks lower, I just extend the awning a little further.

Toscana's elegant design and many refined technical features put it in a class of its own.

With a maximum width of 550 cm and maximum drop of 300 cm, the TOSCANA is the perfect awning for patios and balconies. Choose from our many awning fabrics and our extensive range of frame colours to bring the atmosphere of the south to your balcony or patio.

Pitch range

Due to the special design of the TOSCANA, a single **pitch angle of up to 80°** can be set during assembly for ceiling-mounted types with a motor drive, while for geared drives a single pitch angle of up to 55° maximum can be set. The ideal solution if you want both **privacy and protection from the sun**.

* Please refer to the technical data in the current Lewens price list for possible dimensions and restrictions.

FULL CASSETTE

Fitted to a ceiling, roof projection or balcony, the 13 cm high **cassette** provides all-round protection for the awning fabric and conveys a harmonious impression. Hinged arms with an extremely high spring tension ensure a taut sit of the fabric. A plastic sleeve in the **central hinged arm joints** prevents soiling and corrosion of the double cables and increases their service life.

Consoles

Technical details

- ▶ The TOSCANA is attached to the wall or ceiling by means of two external **consoles**. To make fitting easier, the consoles can be moved sideways to permit variable attachment (see illustration).
- ▶ The **fabric cover shell** offers an elegant solution for concealing the fabric roller.

Fabric cover shell.

For even greater comfort you can equip your TOSCANA with:

- ▶ **Radio remote control**
- ▶ **Sun and wind sensor**
- ▶ **Support legs**

More details on page 12 onwards.

Look Toscana – Full Cassette

LOOK TOSCANA GRANDE

"Just look how hot that gets, Dad!"

"Look, nothing's burnt!"

Everyone has their own special job to do when it's barbecue time: Mum lays the patio table and prepares the fresh salads, junior is allowed to do the cooking and Dad has to clear away and wash up. Happy days under the awning!

The TOSCANA GRANDE was developed for use on medium to large patio areas. Its modern oval cassette design offers optimum protection for the awning fabric and mechanism when retracted. The timeless design will enhance the appearance of any façade and can be combined with a suitable frame colour and fabric of your choice.

For even greater comfort you can equip your LOOK TOSCANA GRANDE with the following **optional features**:

- ▶ **Vario Valance**
Variable shade from the sun and privacy – the "roller blind" on the awning.
- ▶ **Radio remote control**
- ▶ **Sun and wind sensor**
- ▶ **Lighting strip**
- ▶ **Patio heater**
- ▶ **Support legs**

More details on page 12 onwards.

FULL CASSETTE

The **front profile bracket** joins the arms securely to the front profile and permits slight adjustment of the angle. The extremely high spring tension of the hinged arms ensures a taut sit of the fabric. A plastic sleeve in the **central hinged arm joints** prevents soiling and corrosion of the double cables and increases their service life.

Consoles

Technical details

- ▶ The TOSCANA GRANDE up to 650 cm in width is attached to the wall or ceiling by **just two consoles**. The console attachment is variable thanks to specially developed casing holders, which permit the consoles to be moved side-ways (see illustration left).
- ▶ The **fabric cover shell** offers an elegant solution for concealing the fabric roller.

Fabric cover shell.

Toscana Grande – Full Cassette

OPTIONS

TOSCANA GRANDE

When the awning is retracted, the Vario Valance can also be used as a window blind, creating shade and a cool interior.

Vario Valance

The Vario Valance offers variable shade from the sun and privacy while retaining the headroom below the awning.

- Delivered as **standard with crank operation** and covered with **acrylic fabric**
- Hanging heights: 150 and 200 cm
- For awnings **up to 600 x 300 cm or 500 x 350 cm**

Features incurring an **extra charge**:

- Soltis 92 fabric (Hanging height then approx. 160 cm)
- Vario Valance with radio control motor (only on awning with radio control motor; hanging height then 150 cm in acrylic and 160 cm in Soltis 92)

Cannot be used in combination with patio heater.

ALL MODELS

Radio remote control, sun and wind sensor

With the **radio remote control**, all radio-controlled electrical components can be conveniently operated using a single controller, eliminating annoying control cabling on the wall.

The **sun and wind sensor** gauges the sun and wind – and the awning is extended and retracted automatically!

LEWENS awnings are fitted with high-quality **Somfy** power components.

1. Sun and wind sensor
2. Wind sensor
3. Radio remote control
4. Electric motor

OPTIONS

Lighting strip

The lighting strip (halogen lamps) provides suitable illumination and creates a pleasant ambience on the patio or balcony.

- Includes transformer and 300 cm of cable
- Supplied in the awning frame colour
- Optional: dimmer function and/or control via hand-held transmitter

(Cannot be used in combination with patio heater. Not for LOOK TOSCANA.)

The Vario Valance offers tailor-made shade when the sun is low in the sky...

...and after sundown the lighting strip creates a party atmosphere!

Patio heater

Provides cosy warmth under the awning, even on chilly days.

- 2000 watts, tilt range 30°, provides uniform heating in a surrounding area of up to 16 m², instant heat emission with no warm-up phase
- Optional: control via hand-held transmitter

(Cannot be used in combination with lighting strip and/or Vario Valance. Not for LOOK TOSCANA)

Bask in a cosy glow even on cool days with the patio heater...

Support legs

The awning can be optionally fitted with support legs for greater stability and wind resistance.

- height-adjustable from 180 to 300 cm
- incl. base plate and connector for front profile
- leg and base plate in silver, connector in frame colour

(Cannot be used in combination with sun and wind sensor.)

With support legs the awning can withstand light breezes too.

Why get up? The remote control is always to hand.

The perfect complement to your cassette awning:

The MICRO 700 side screen awning turns your patio, balcony or loggia into your refuge. You enjoy privacy and protection from the sun and wind as well as a holiday atmosphere!

14

- ▶ Unit height: max. 250 cm *
- ▶ Extension: max. 400 cm (depending on height and fabric) *
- ▶ Manual operation
- ▶ Includes post and wall mounting bracket; other brackets possible (extra charge)
- ▶ Frame colours: as for FAMILY awnings
- ▶ Fabrics: acrylic and Soltis 92 from our Lewens collection

Simply extend the MICRO 700 using the handle and hook it onto the post. The **bottom castor** permits easy movement. – The awning shaft is fitted with an **anti-kickback brake** for safe, convenient operation.

The fabric for the MICRO 700 can be perfectly coordinated to complement your awning.

You can find further information in the MICRO 700 individual brochure.

LOOK-SYSTEM

All LOOK models are sturdy, long-lasting, quality awnings incorporating outstanding technical features, the best materials and meticulous workmanship:

- ▶ Self-supporting full cassette manufactured from powder-coated extruded profiles
- ▶ Cassette enclosed on all sides to protect against the effects of the weather
- ▶ Rust-free pins, Teflon-coated bearings, high-grade steel screws

Toscana

Just 13 cm high, the cassette presents an attractive appearance even from behind when fitted to a ceiling, roof projection or balcony.

Millennium/Toscana Grande

The **arm brackets** of the MILLENNIUM and the TOSCANA GRANDE are additionally fitted with a support and high-impact screw. They consist of high-strength aluminium alloy, with an upper arm fork of forged aluminium.

The **front profile bracket** connects the arms securely to the front profile and permits easy adjustment of the angle.

Central hinged arm joint

In the central hinged arm joints, a plastic sheath prevents soiling and corrosion of the double cables and extends their service life. All double cables are lubricated for improved running and reduced friction.

The hinge pins are manufactured from rust-resistant high-grade steel.

Hinged arms

The extremely high spring tension of the hinged arms guarantees a superbly taut sit of the fabric and largely prevents the awning fabric from resting on the arm hinges.

Toscana Grande:
arm bracket, wall console and end cap

Arm hinges:
uniform colour down to the last detail

Toscana:

AWNING FABRICS

With nearly 300 samples to choose from, the Lewens collection offers you acrylic fabrics and also air-permeable screen and Soltis woven fabrics across the entire colour spectrum.

Lewens awning fabrics have been created especially to provide shade outdoors and are treated to make them water- and dirt-repellent. We make the awnings up using the latest sewing techniques for distortion-free seams and also ultrasonic bonding. We have designed our manufacturing facility so that the awning fabrics can be laid out entirely flat (not folded) for making up.

Some of our quality features:

- Secure lockstitch used for making up, optionally also with ultrasonically bonded seam (surcharge).
- Awning and valance are produced from one piece (identical repeat pattern)
- Seams on top and bottom and valance seam neatened (clean completion)
- Repeat-symmetrical completion left and right
- Use of quality sewing yarn (also for valances) or alternatively Tenara® yarn (extra charge)

No matter which fabric you choose from the Lewens collection, top-class fabrics, high-quality materials and a modern assembly method will guarantee you many years of pleasure from your awning.

WE GUARANTEE

Advanced technology, high-quality materials and outstanding workmanship in manufacturing guarantee that quality products from Lewens will give reliable operation and pleasure for many years.

Beyond the implied warranty, Lewens offers an extraordinary long-term guarantee for its sunshade systems via its specialist contractors:

- ▶ **5-year guarantee** on all parts of sunshade systems from Lewens
- ▶ **2-year guarantee** on motors, electric control systems and coatings on awning frames

You can find details of the guarantee scope and services in the current Lewens price list. Please ask your dealer for a copy.

L.UST FOR LIFE

means being able to enjoy the summer outdoors without fear of sunburn, well protected against the heat and glare. Lewens awnings don't just provide shade, they are capable of more: they help us to enjoy the best aspects of summer.

I.NTELLIGENCE

isn't just in the head. Sometimes it is to be found elsewhere, in the technical details and workmanship of high-quality Lewens awnings – so that you, the user, can operate our products without any problems and can find a suitable solution for any task.

F.REEDOM

always has something to do with freedom of choice. Whether it's an awning for a small balcony or large patio or solutions for your conservatory that you need, Lewens specialist dealers provide professional advice and assembly. They are also happy to help you choose the colours and fabrics – so that you are entirely satisfied with every aspect of your awning!

E.ASY LIVING

is now more in demand than ever. Everyday life is stressful enough, the world turns ever faster and the pace of news quickens. It's good to have time to unwind and be able to relax with family and friends. It is precisely for these valuable occasions that we have created our awnings.

Your stockist will be happy to advise you:

*Just
enjoy life!*
